This is the UK's foremost experiential destination

This is TraffordCity

Spanning 500 acres to the west of Manchester city centre, there is a place with 300 of the most premium brands in retail and leisure as well as exciting sport, culture and event offerings which attract over 44 million visits a year.

This highly connected, £1.6 billion development is owned and managed by Peel L&P on behalf of its stakeholders, boasts a powerful and compelling portfolio and with 11 million people within 90 minutes in the affluent ABC1 demographic, the potential to do business is vast.

TraffordCity already comprises one of the of most important clusters of retail and leisure activity within the north of England. With a further £2.6 billion investment in the pipeline over the next 20 years it is set to become a world class destination where people can live, businesses thrive and with entertainment at your fingertips.

What's here

Our destination is unrivalled. Nowhere else in the UK has a world class mix of retail, leisure and commercial brands in such close proximity.

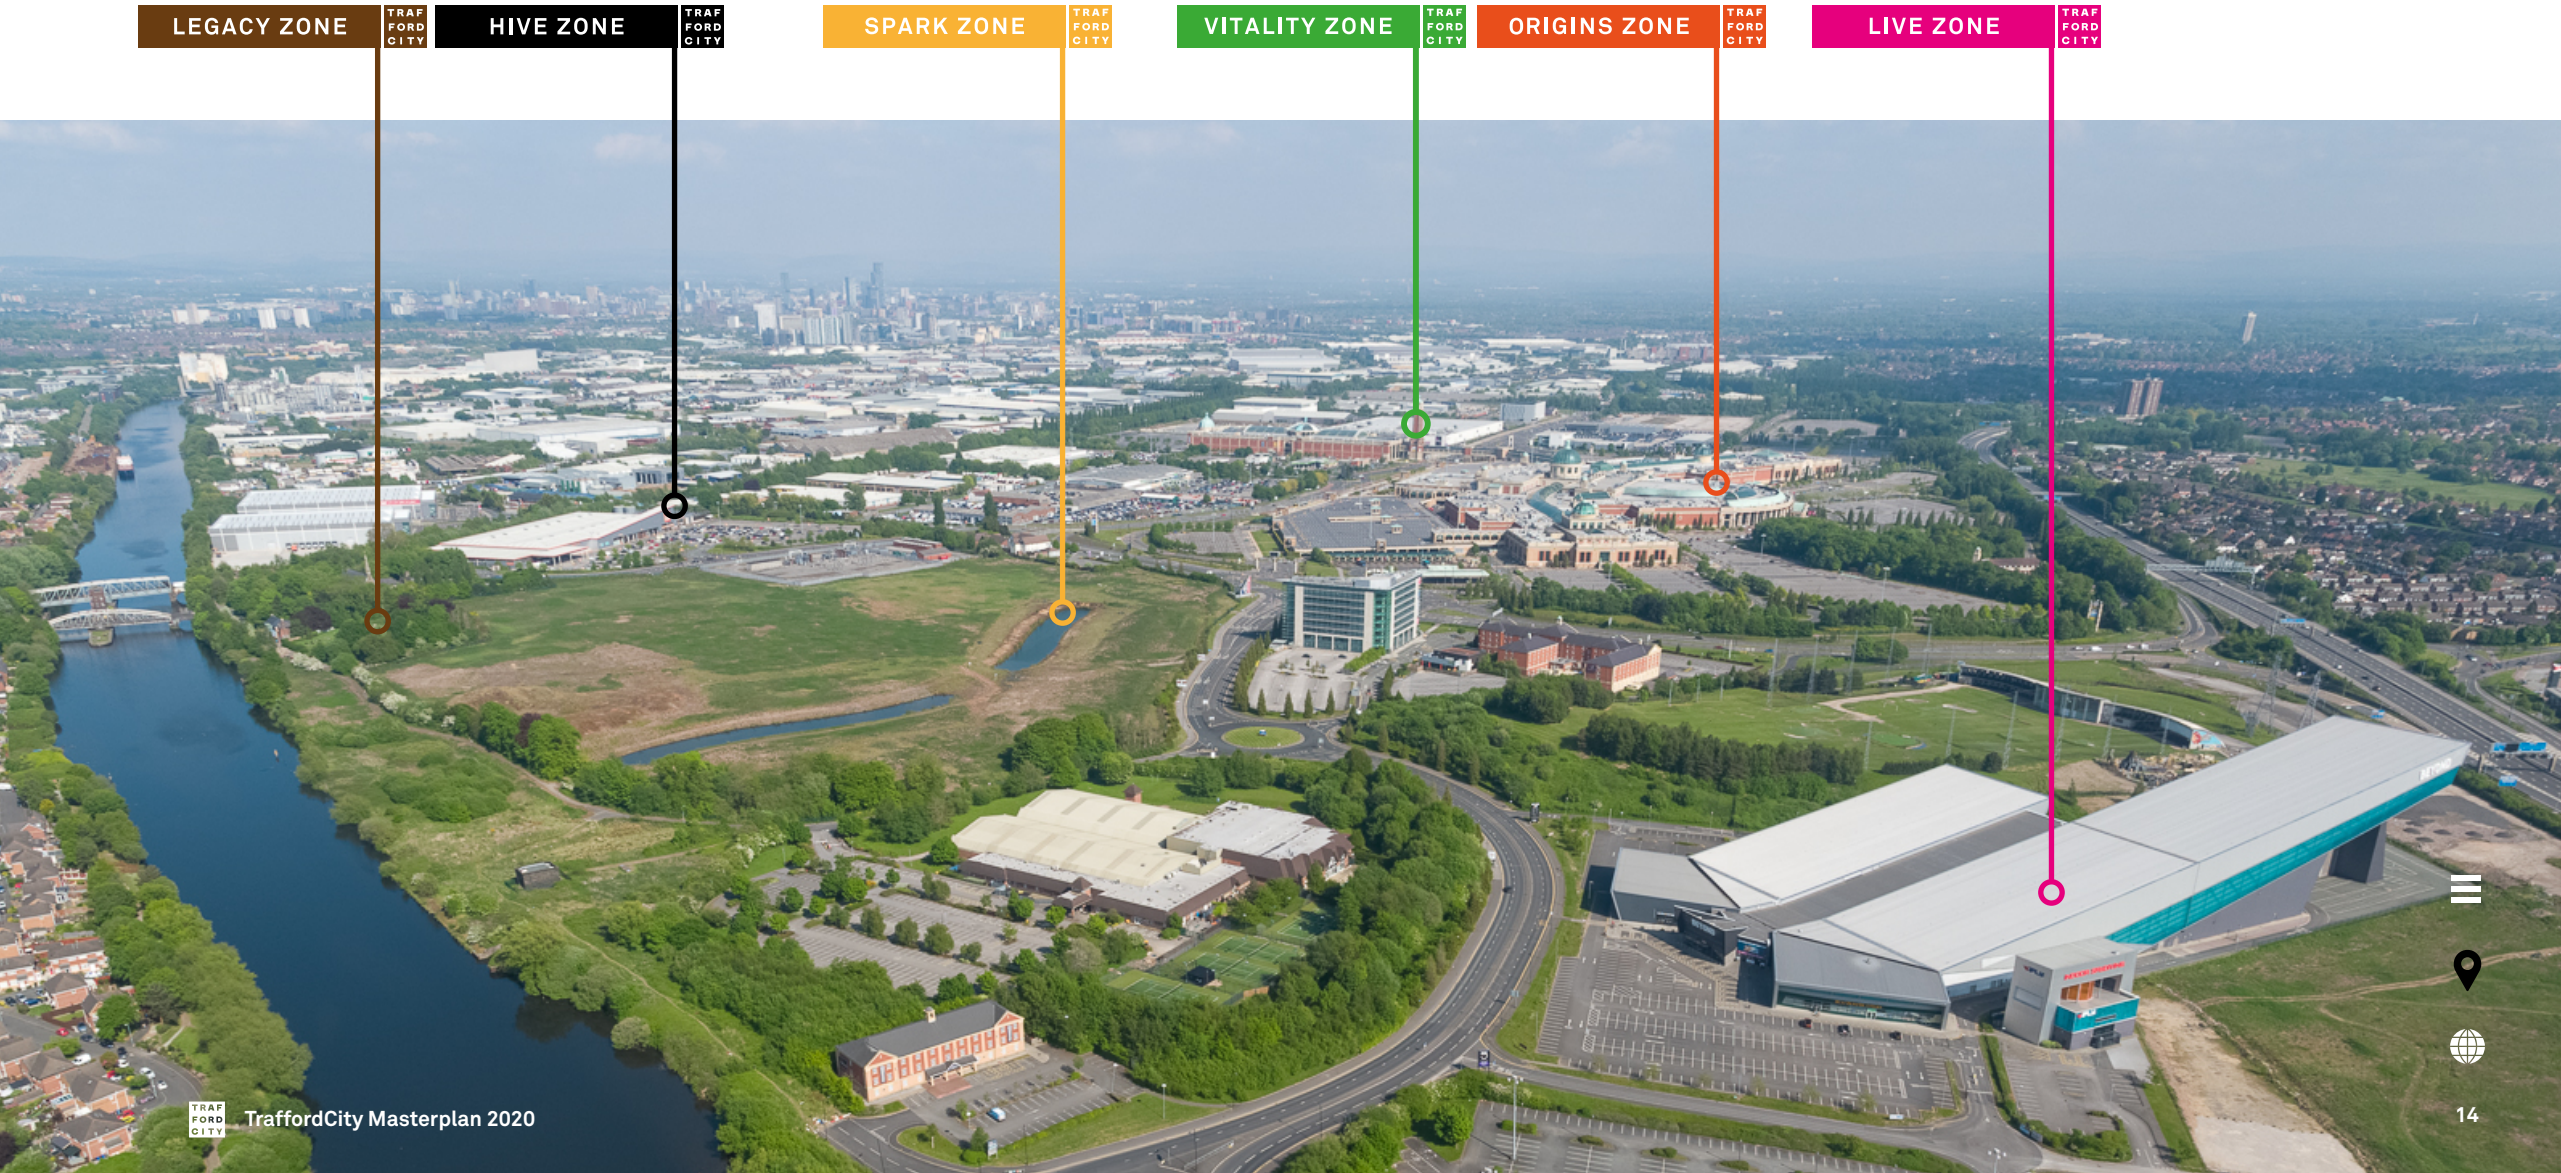

We are a Green Space to Live, Work and Play

Green space

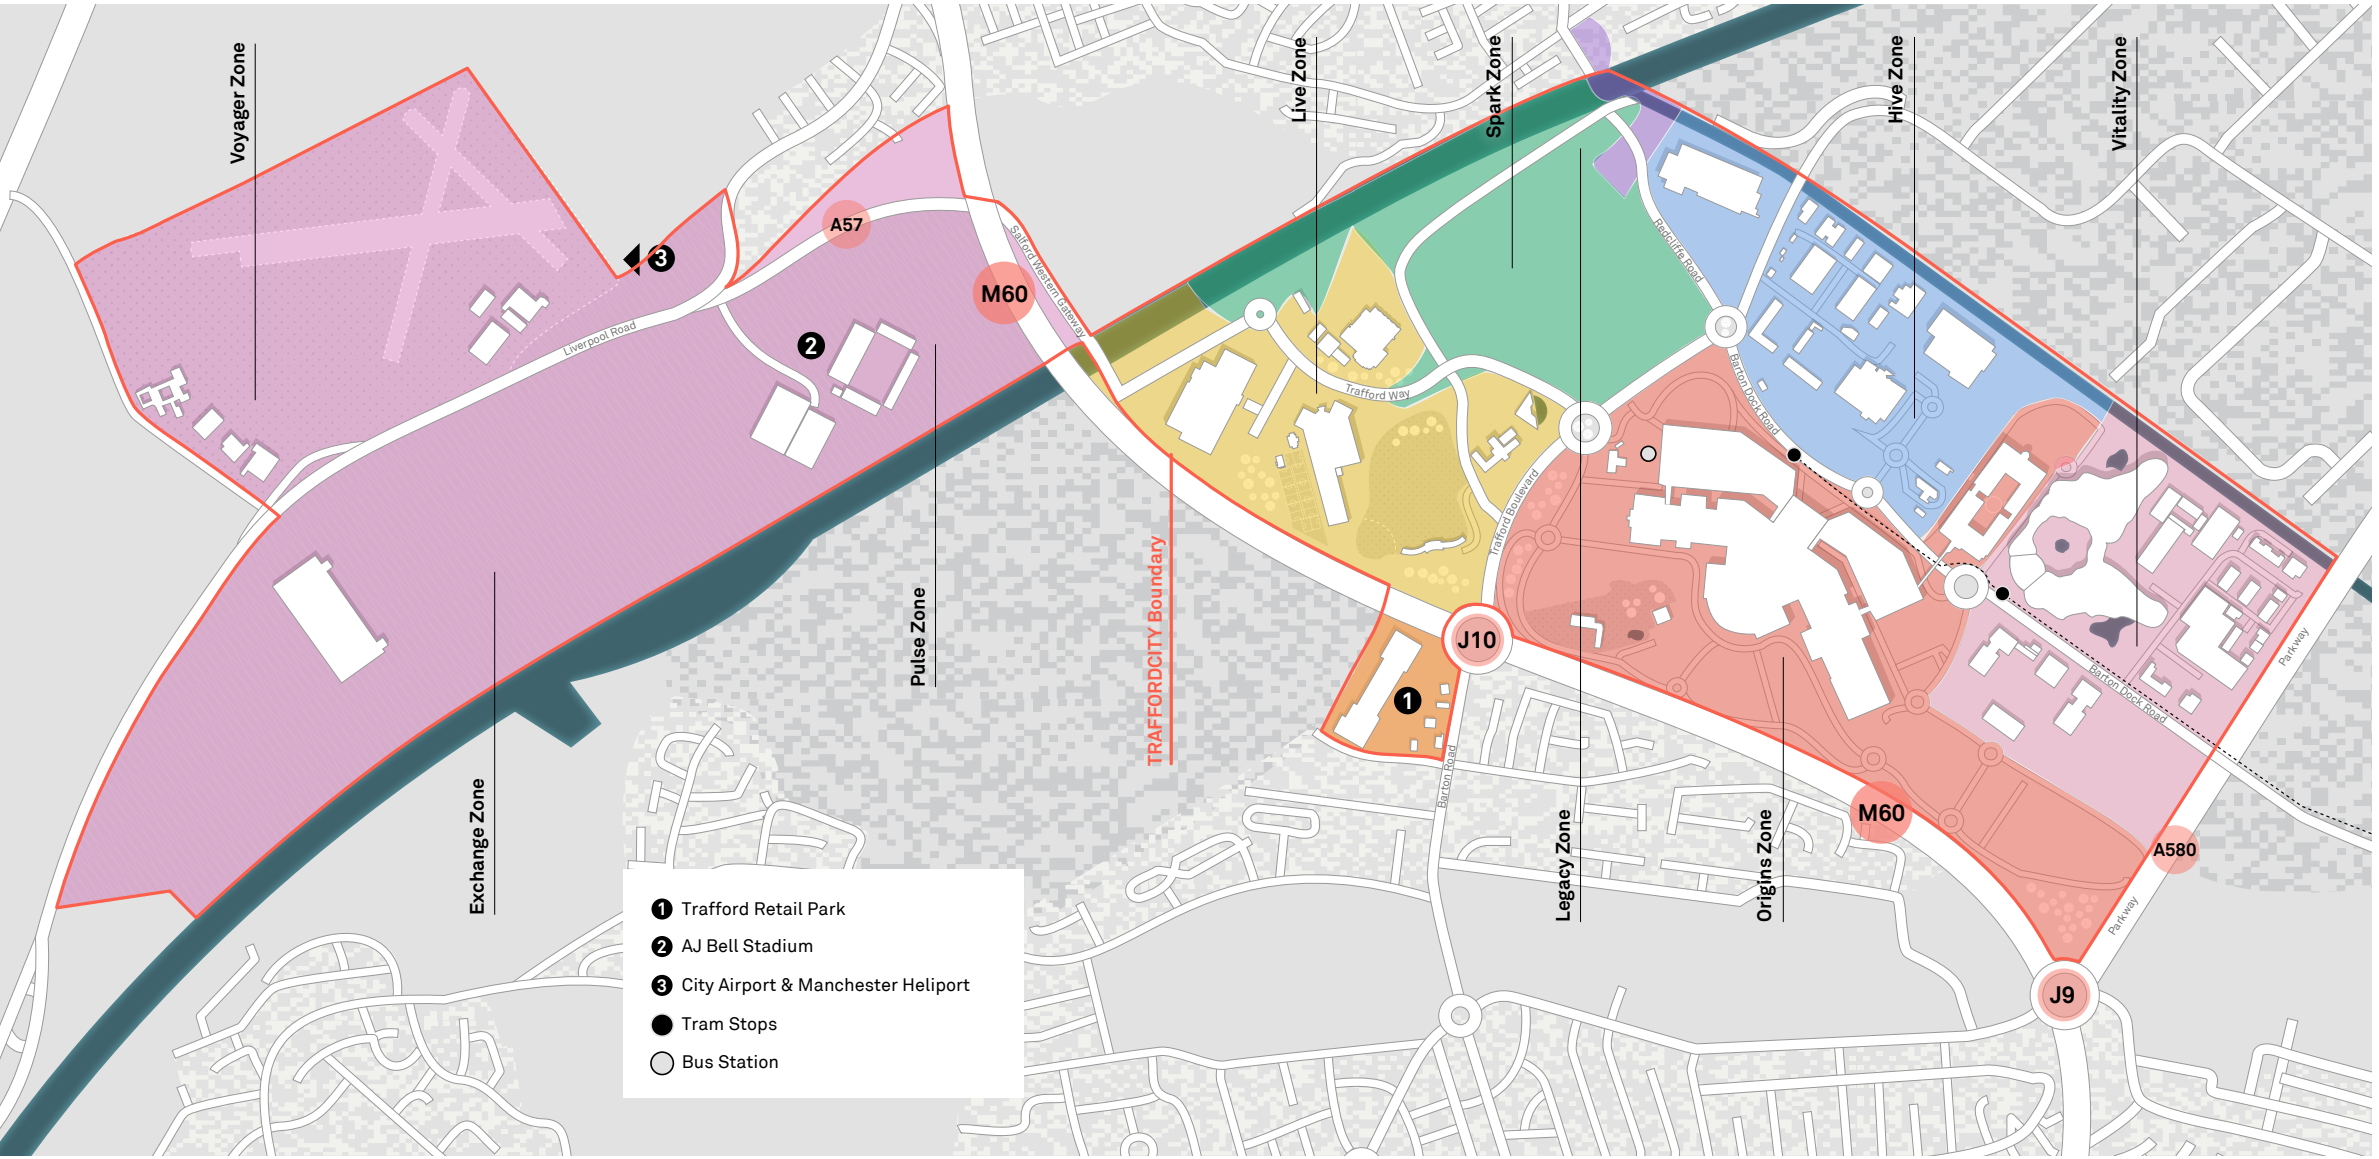

We are creating a high quality green environment where people can thrive with active lifestyle opportunities.

TraffordCity is a place to be active and to connect. We are creating quality space to be active and to connect with natural environments - we are creating quality greenspaces and a vibrant environment where people will want to live and businesses invest. Active lifestyle and connectivity are integrated into the destination with health and wellbeing at its core. With natural environments such as a woodland area, waterway and cultural heritage as well as numerous leisure opportunities for active lifestyle, a community within TraffordCity can thrive. With plans for the UK's largest health and wellbeing venue, TraffordCity will provide for optimum opportunities for mental and physical wellbeing of its residents, visitors, employees and business partners. We provide optimum opportunity to enhance the mental and physical wellbeing of our community.

Transport links

TraffordCity is ultra connected by road, metrolink, water and air

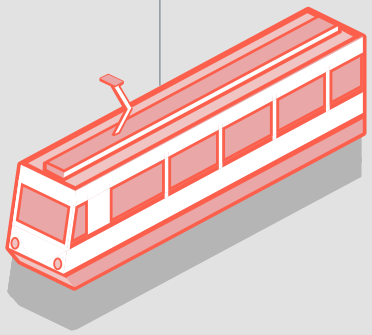

A place to **park**

15,500 FREE car parking spaces including 20 Electric Vehicle charging spaces available at intu Trafford Centre

City Centre **Connections**

The expansion of the Trafford Park Metrolink line has created unrivalled connectivity to Greater Manchester's key economic and visitor destinations including MediaCityUK, The Imperial War Museum North, The Lowry, Manchester United, Lancashire County Cricket Club, Manchester Waters and the City Centre.

Extensive **bus network**

Serves up to **350** routes

Drive **times**

15 minutes from Central Manchester

15 minutes from Manchester International Airport

45 minutes from Liverpool Airport

5 minutes from City Airport and Heliport

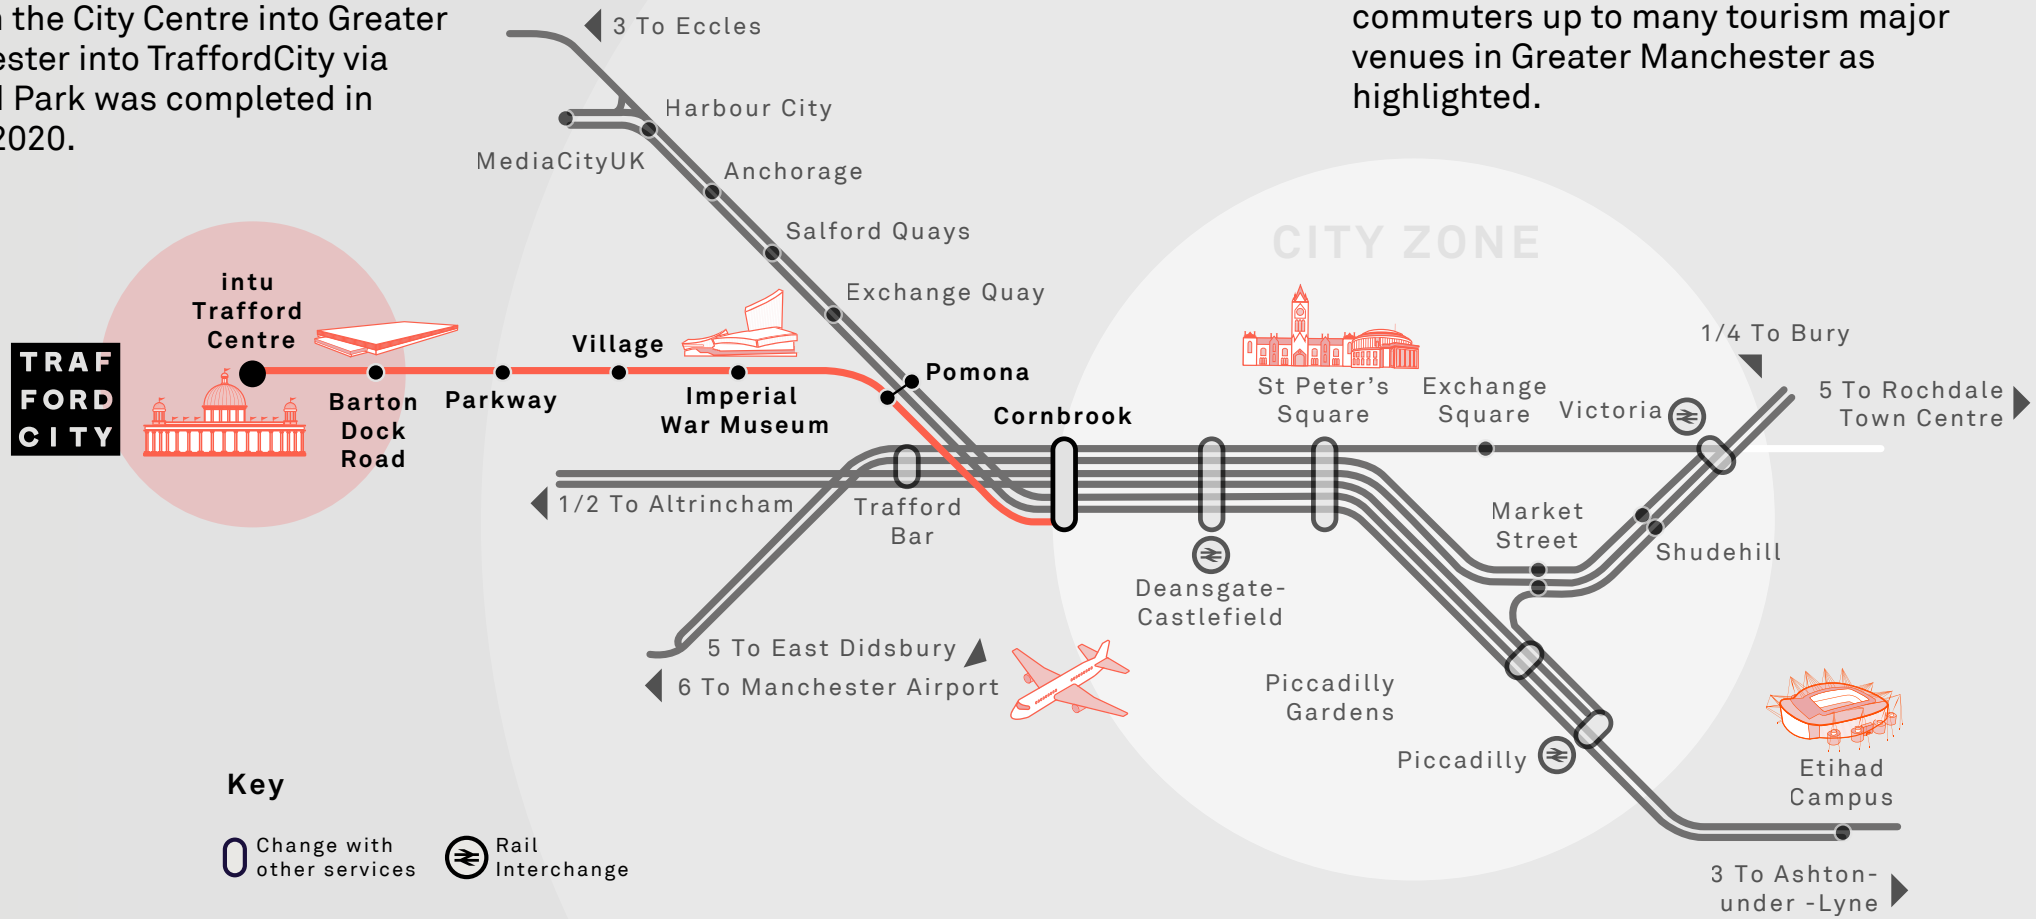

International **destination**

The close proximity of Manchester International and Liverpool Airports means it is easily accessible for our European and International visitors. City Airport and Manchester Heliport are also just **five minutes away**.

We are a connected city

An extension to the existing light rail metrolink which runs directly through the City Centre into Greater Manchester into TraffordCity via Trafford Park was completed in March 2020.

This £350 million extension into the heart of TraffordCity links visitors and commuters up to many tourism major venues in Greater Manchester as highlighted.

Active travel

To the north of TraffordCity is the Bridgewater Way which runs along a 39 mile stretch of the Bridgewater Canal providing a safe off-road cycle route for local commuters and visitors.

Through working with our partners, we have a vision to reinstate the Barton Aqueduct tow path, which bridges the Manchester Ship Canal, to create a continuous 20 mile multi-user sustainable transport route linking the boroughs of Wigan, Salford, Trafford, through to Manchester City Centre.

Tranquil travel

The stunning RHS Garden Bridgewater as well as man other well-known tourist attractions such as Dunahym Massey, Walton Hall & Gardens are also accessible from the Bridgewater Way either by foot or bicycle.

We welcome TraffordCity Visitors

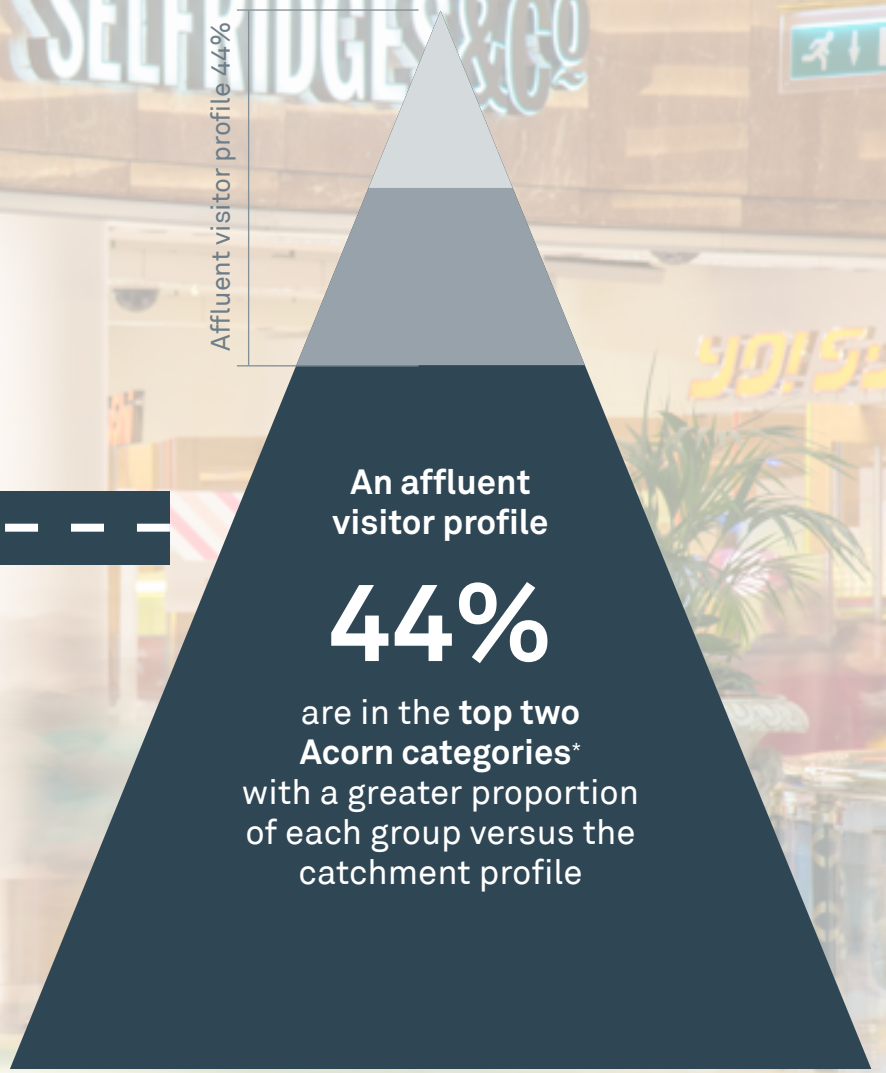

TraffordCity generates 44 million visits a year with an extensive geographic reach and appeals to an affluent customer base.

Catchment recruitment pool

TraffordCity has access to a large talent pool in Greater Manchester with over 1.5 million residents of a working age. TraffordCity employs 16,500 people and this figure is set to rise to over 39,000.

Our **Greater Manchester catchment area** boasts:

- **Competitive** recruitment costs compared to other UK cities
- **A high proportion** of professionals and semi professionals
- **1.5 million** residents of working age
- **1.2 million** residents of working age hold an NVQ including a high number with NVQ4
- **2.5%** predicted increase in the working age by 2022
- Over **106,000 students** attending five presitigious universities
- A labour pool of over **1.2 million** people
- Experienced strong growth since **2001**
- An above average proportion of **20-30 year olds**
- **15% cost savings** against London and South East labour markets

*source: A more detailed analysis of our catchment profile is available on request.

We are a Safe City

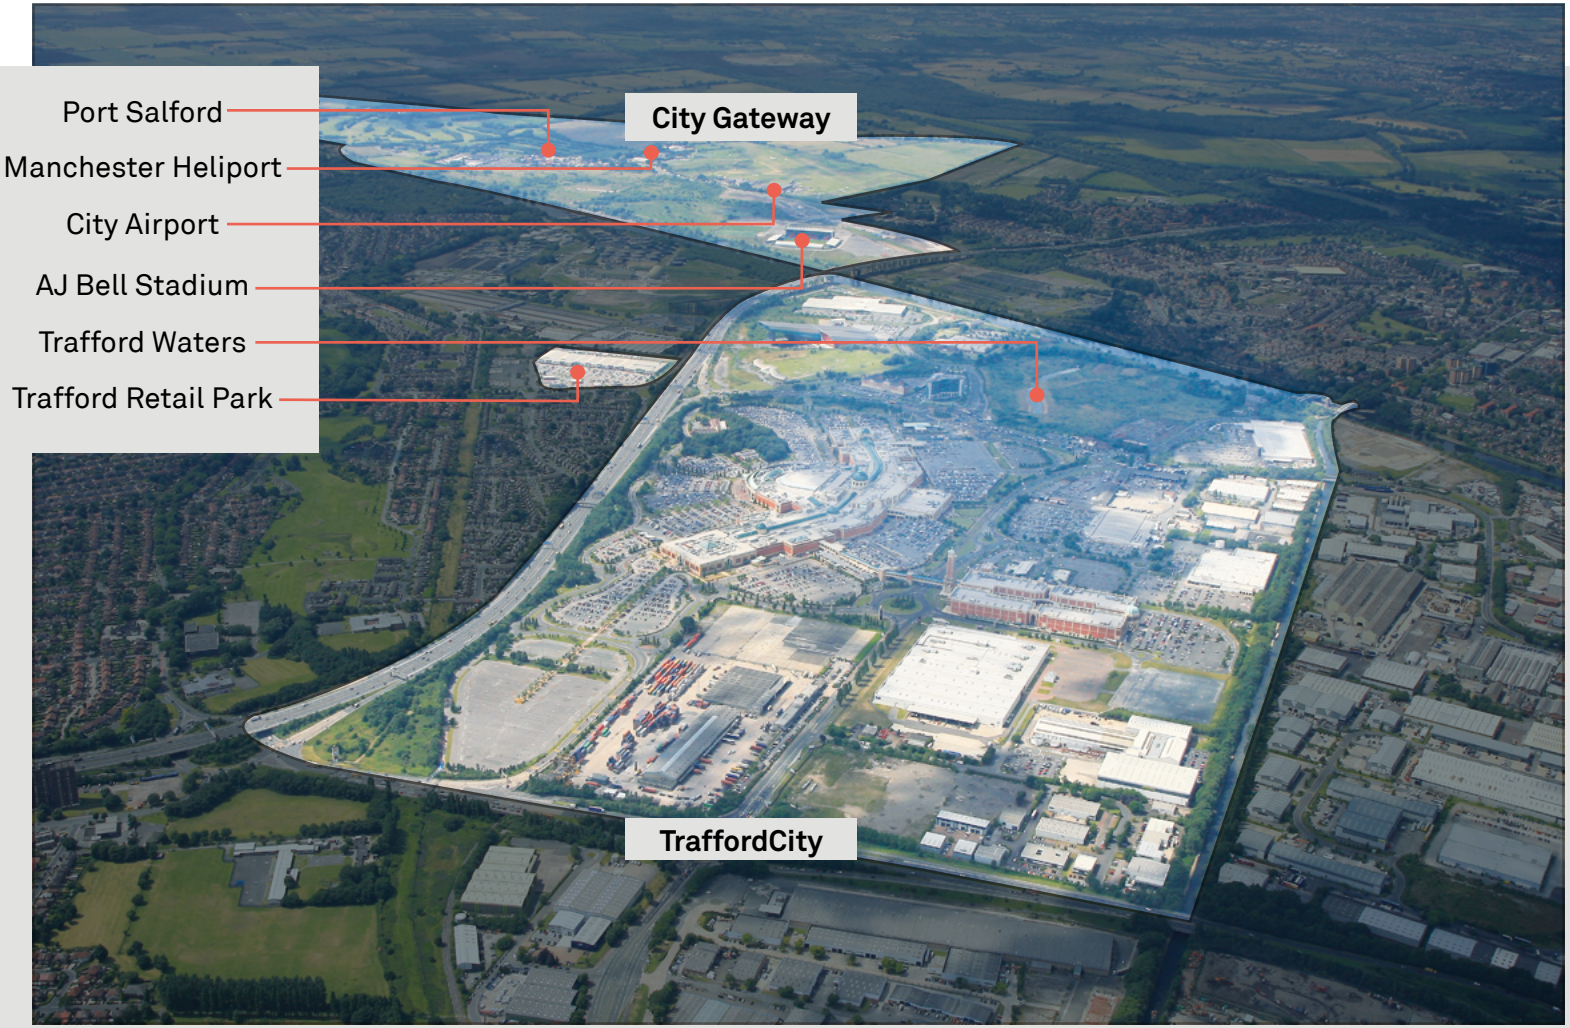

Safety and Security

Visitors and business occupiers at TraffordCity benefit from very low levels of crime thanks to intu Trafford Centre's extensive 24 hour covert and overt security surveillance and through its collaboration with Greater Manchester Police on initiatives such as Automatic Number Plate Recognition.

With over 15,500 fully monitored parking spaces across TraffordCity car crime incidents are almost negligible compared to national averages.

We are a Well Managed City

TraffordCity is a unique destination which is entirely owned and managed by Peel L&P enabling us to roll out a coordinated strategy for investment planning across its 500 acre portfolio.

As TraffordCity has evolved a number of zones have been identified which includes established commercial developments and visitor attractions as well as areas with development potential including the new 'Trafford Waters' residential community.

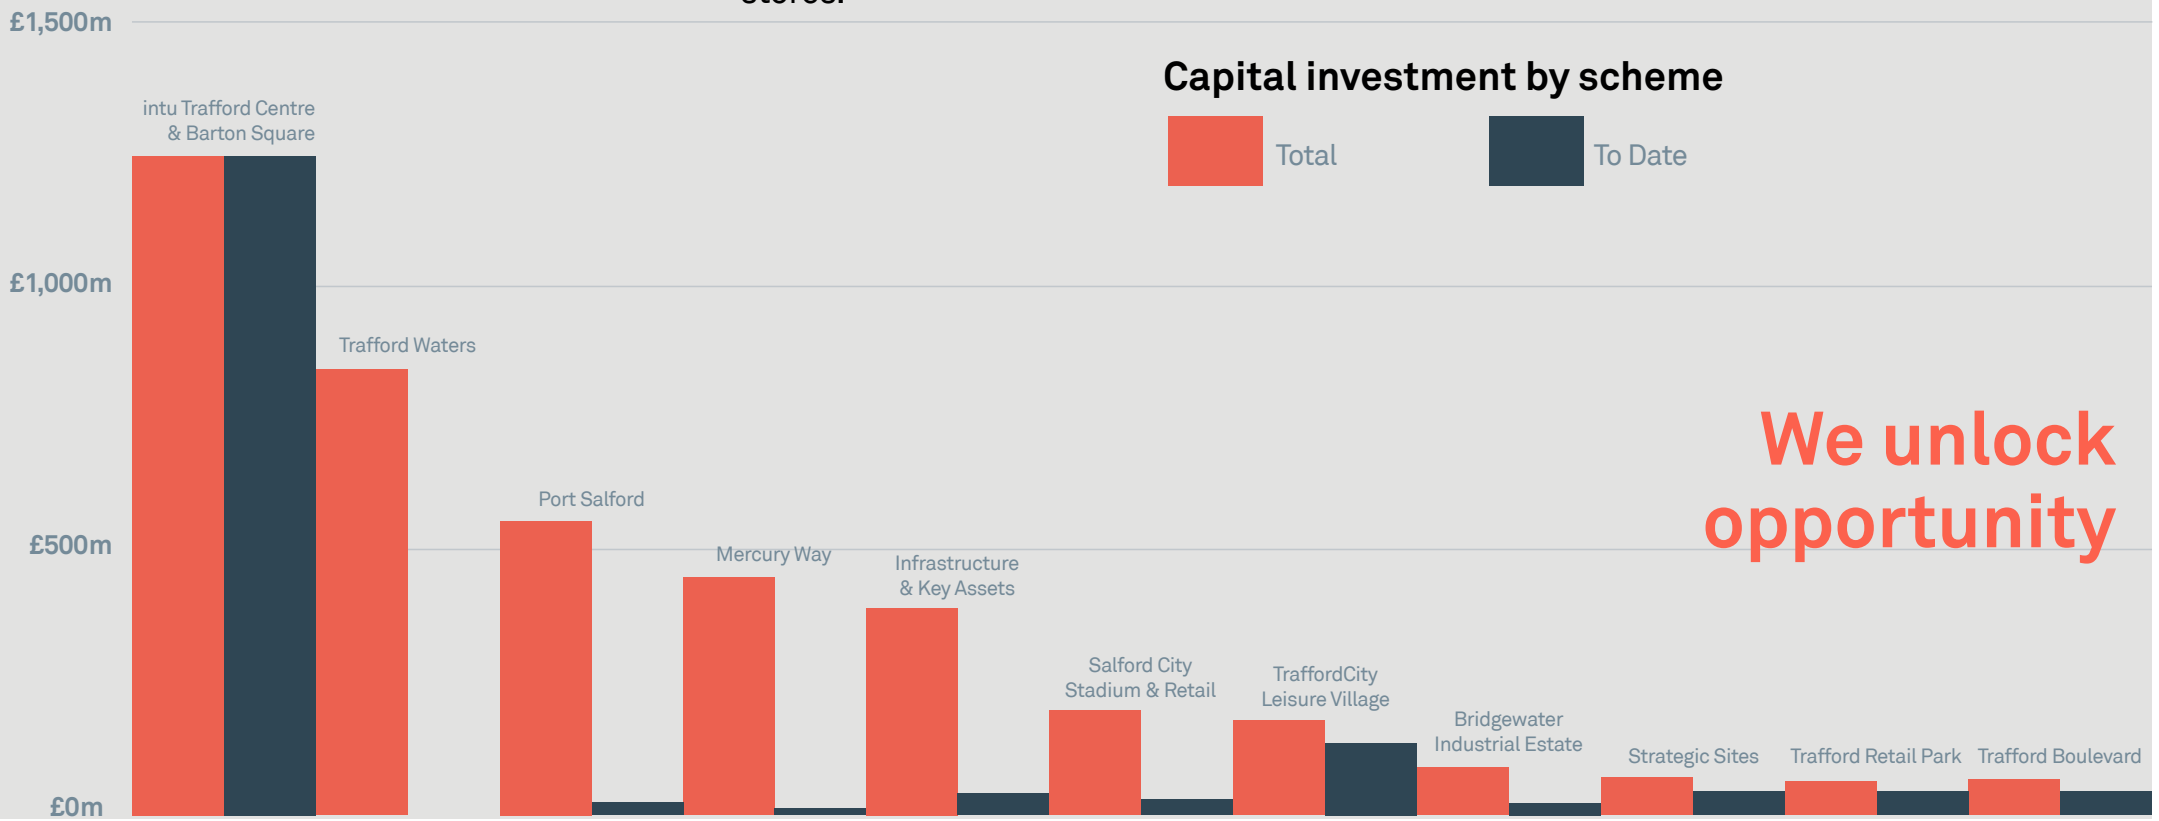

Neighbouring assets within the adjacent local authority of Salford, include the AJ Bell Stadium, Trafford Retail Park, City Airport and Manchester Heliport and Port Salford, all of which are strategically linked to TraffordCity, further strengthening its proposition.

Future Investment Portfolio

TraffordCity has space to grow and thrive with 3.5 million sq ft delivered and 3.5 million sq ft to expand into.

In total, 442,500 sq m (4.8 million sq ft) of commercial floorspace has been delivered with over 50% of this within the intu Trafford Centre and its extended Barton Square Development which will include more retail stores.

Over the longer term, it is anticipated that a further 1 million sq m (11 million sq ft) of floorspace will be delivered totalling 1.46 million sq m (15.8 million sq ft).

We unlock opportunity

In the future the Trafford Waters (£850 million), Port Salford (£540 million) and the proposed Therme (£385 million) schemes, as well as major infrastructure projects (£350 million), are all forecast to result in substantial investment. Allowing for future projects, total capital investment is expected to increase to around £4.2 billion.

Visitor Economy

With its unique and extensive retail and leisure offering and excellent connectivity, TraffordCity is one of the most popular tourist destinations in the UK attracting 44 million visits a year. As TraffordCity evolves it will grow even more in popularity with increased demand for recreation and accommodation provision becoming a key driver to the North West's tourist economy.

The tourism UK and recreation economy contributes £52 billion a year.

We are driving the tourism economy

Hotel Accommodation

There are almost 1000 beds available in TraffordCity with the potential for more subject to planning approval.

With the increased demand for recreation and accommodation, the number of rooms is expected to expand including a 900 room hotel awaiting planning approval.

In addition there are a number of accommodation providers within the region – with a total of 9,512 rooms within a 20 minutes drive time.

9,335 + 177

We are evolving

TraffordCity is evolving and is entering a period of development on a breadth and scale not seen since the Trafford Centre was built over 20 years ago.

The **£350 million extension** of the **Trafford Park Metrolink** directly connects TraffordCity to **Trafford Park, MediaCityUK** and **Manchester City Centre** and will be pivotal in unlocking its remaining development potential

Creation of a new, sustainable community delivering **3000 homes** for **5,000 people**

Exciting plans to create a **world class £250 million health and well being resort** – the first of its kind in the UK

The creation of a **new, sustainable grass roots eight pitch football facility**

The **£75 million development** of **intu Trafford Centre's Barton Square** has already brought **110, 000 sq ft** of **additional retail**

TraffordCity will be boosted by a further **£2.6 billion** of investment over the next 20 years

We have a vision

Trafford Waters

As TraffordCity enters its next phase it will become a destination where thousands will call home.

A newly planned residential, retail and leisure community is envisaged at Trafford Waters.

We have **outline planning permission** to create, a new **sustainable** community across **53 acres** of land on the banks of the Manchester Ship Canal adjacent to TraffordCity.

The **regeneration** proposals will create **3,000 new homes for 5,000 key workers, young professionals and families**.

It will be one of Greater Manchester's **largest mixed-use developments** supported by a **new school, health centre, 800,000 sq ft of commercial office and work space, convenience retail** set in attractive **public spaces**.

Our **vision** for Trafford Waters will be delivered over a **20 year period** and will create a new residential and business **community**.

Therme Resorts

Plans are in the pipeline to bring a once in a generation opportunity to TraffordCity which will revolutionise the health and well-being resort offering in the UK.

TraffordCity Masterplan 2020

Therme Resorts

17
swimming pools

8
gardens

1,500
palm trees

Therme Resorts have secured planning at TraffordCity to bring its world renowned health and well-being resort which will span 110,000 sq m (1,180,000 sq ft), alongside a lake and public square on Barton Dock Road.

At this scale, the resort will be the first and largest of its kind in the UK and will be a destination of national significance.

The unique concept brings together the tradition of the ancient Roman spa with an indoor tropical paradise. Therme Resorts have been running for 20 years and have built up a reputation for building and operating resorts at the highest level of quality and sustainability.

Therme Resorts make a positive social impact on the health and well-being of the communities they operate in by making their concept affordable and accessible to all.

Therme will be split into four zones:

Galaxy

The family fun zone including waterslides, wave pools, indoor and outdoor pools and relaxation area

Palm

The adult only section, set in tranquil gardens. Expect indoor and outdoor relaxation pools, mineral baths and steam rooms.

Elysium

The UK's largest luxury spa featuring saunas, steam rooms and mineral therapy pools. Aufguss Masters will give guided sessions so visitors can maximise the health benefits of each sauna.

Genesis

Providing tailored therapies to enhance mental and physical well-being, including relaxation and sports massage, LED and infrared therapy, cryo saunas, vitamin and mineral pools and treatments to enhance circulation and skin.

Investment Impacts
GVA & Employment

TraffordCity generates a **gross GVA of £820 million** per annum

Expected to **increase** to almost **£2 billion GVA** per annum over future years

TraffordCity currently supports **17,600 jobs**

Expected to increase to **39,500**

In 2018 /19 we invested over:

£116 million in Greater Manchester

Including over

£67 million in Trafford

£26 million in Salford

£26 million in Manchester

We add value

Economic impacts

TraffordCity is a major focal point for economic growth within Greater Manchester and will be an influential force and contributor to the Northern Powerhouse

Investment across TraffordCity will continue to **support economic growth** at a sub regional and a wider level.

We **lead the development** of a **localised skills economy** and ensure labour needs are met through the local workforce.

We create a **wide range** of **employment opportunities** including accessible opportunities within flexible and lower skilled sectors.

We work with our **partners** to transform **public transport provision** creating a **truly connected** and **accessible** destination. **Good transport links fuel economic growth.**

We **contribute substantially** to Greater Manchester's visitor economy and is **set to increase** as new **assets are created.**

TraffordCity's **contribution** to the sub regional and **Northern Powerhouse economy** is expected to increase substantially as a result of **ongoing investment** in **key growth** and **infrastructure projects**.

Business rates generate

£95.5 million
(includes intu Trafford Centre)

£75.8 million
benefits local service provision in Trafford

£17.2 million
generated within Salford

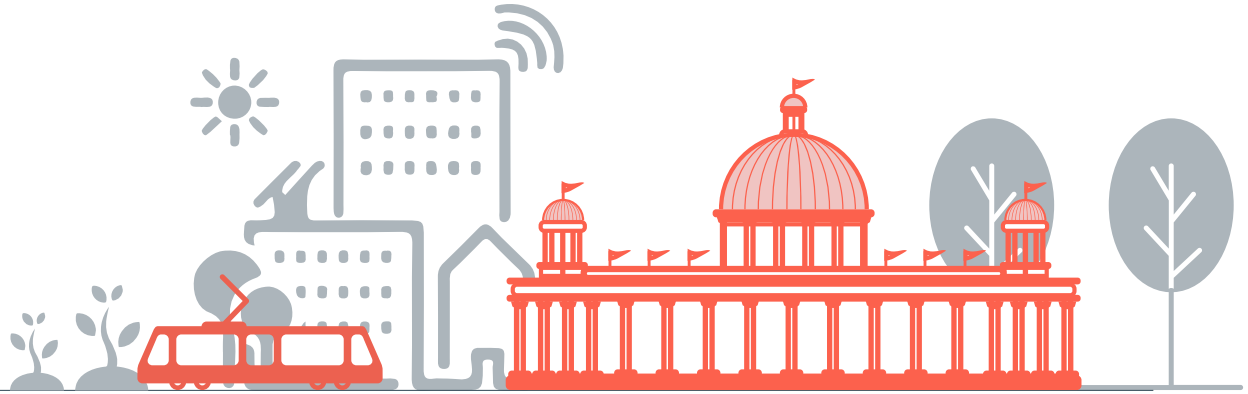

We drive the economy

An extensive **Economic Impact study** has been carried by AMION Consulting based on a review of existing assets and the development pipeline.

The findings of this body of research are available on request.

We Strive To Be A Sustainable City

In line with Peel L&P's sustainability five year business plan we continually strive to meet the current needs of our businesses and stakeholders while future proofing our developments and activities in a sustainable way at TraffordCity and beyond.

Our 7 sustainability principles are:

1. **Create opportunities for people to lead better, more prosperous lives**
2. **Engage with local people to understand the needs of existing and future communities**
3. **Develop highly sustainable and smart built environments**
4. **Embrace a low carbon energy strategy**
5. **Strive to put more back into the natural environment than is taken out**
6. **Support the health and wellbeing of communities by creating beautiful, functional and well-used green public realm**
7. **Promote sustainable transport options for all**

Our principles set a consistent approach across our developments and ensure our activities deliver highly sustainable, future-proofed destinations.

Find out more about our sustainability plans by visiting **peellandp.co.uk/responsibility**

Sustainable Workspaces

Our anchor commercial office block Venus is one of the first in the country to be independently verified as Net Zero Carbon using the UK Green Building Council's definition.

BREEAM 'very good' places the building in the **top 25% of UK** non domestic buildings for **environmental performance.**

Peel L&P created the first 'green roof' building in TraffordCity, which also achieved an **A-rated Energy Performance Certificate.**

EventCity and Venus buildings operate the **ISO 50001 Energy Management system** with EventCity working towards **ISO20121 sustainable event management certification.**

EventCity, Venus and Holiday Inn Express have **100% waste diverted from landfill** and is either **recycled** or goes into **energy recovery.**

Destination wide **commitment** to **increase** in **EV charging points.**

CSR Metrics

Peel L&P has created its most sustainable building to date, and the first green roof at TraffordCity, on the £1.5 million purpose-built nursery for the award-winning Kids Allowed nursery group.

TRAFFORD WATERS - 20 acres of Public Realm to be developed through the masterplan

Many of our properties are under the wing of our ISO 50001 Energy Management System compliant with ISO 50001. Buildings within the portfolio including including Peel L&P's Venus Offices have contributed towards the 3% annual reduction which we have achieved 5 years in a row.

WASTE REPORTING - Buildings at TraffordCity including Peel L&P's Venus Offices and the TraffordCity Hotel have 1000% of waste diverted from landfill, it is either recycled or goes into energy recovery.

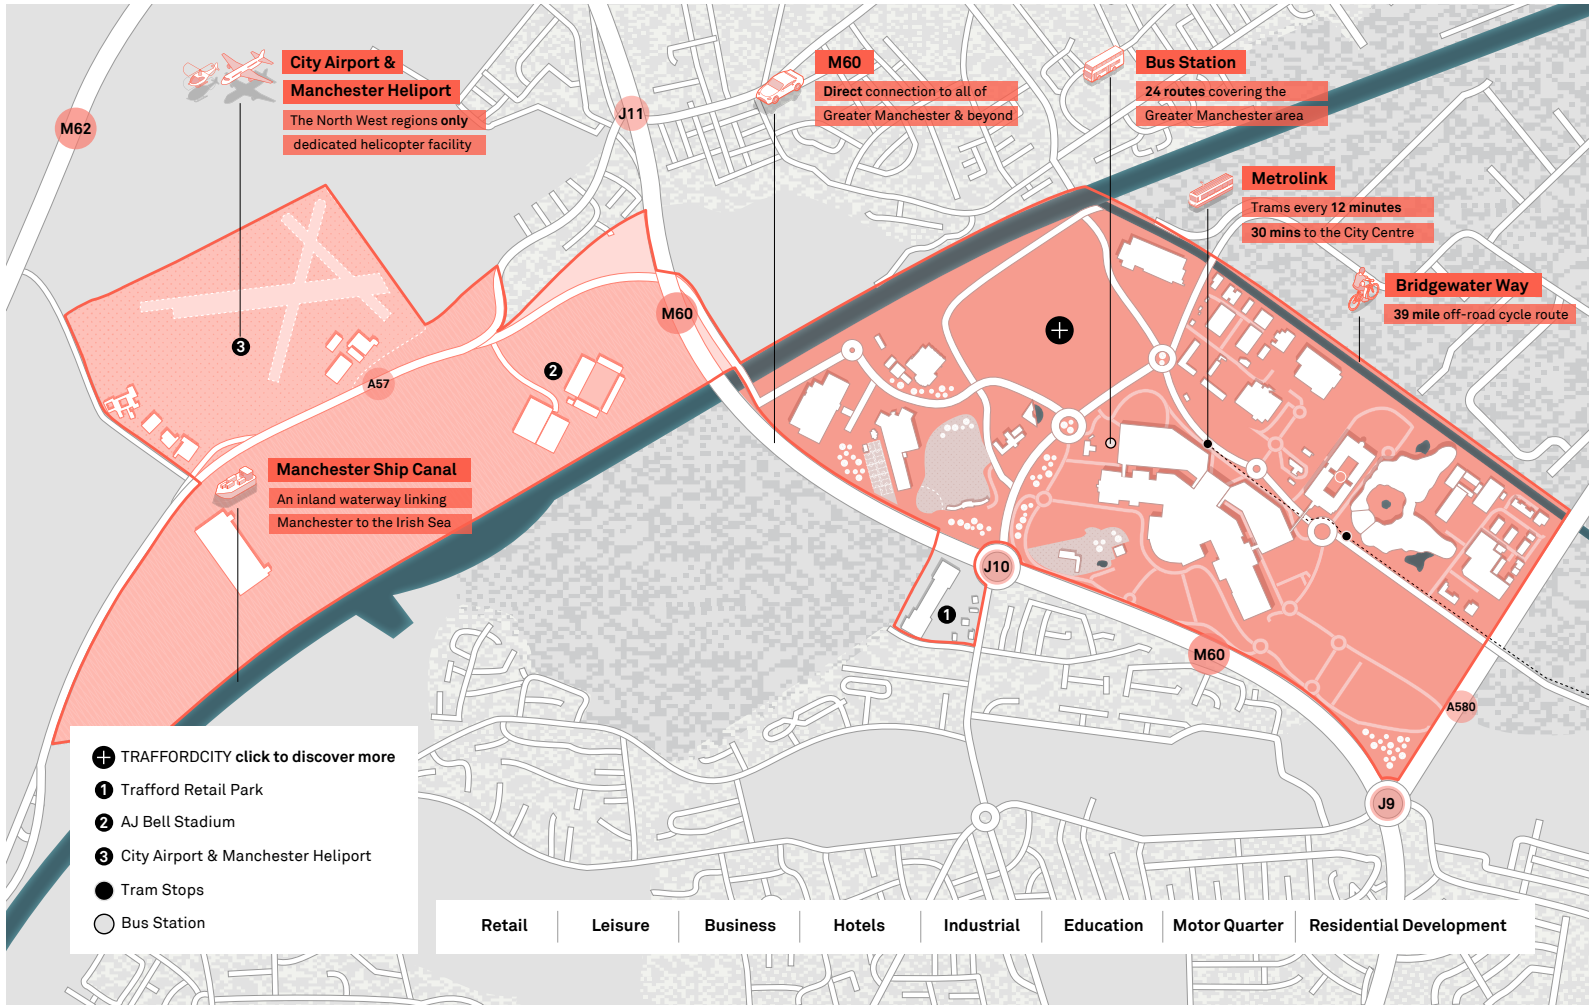

10 EV charging points came online at the Venus Building in the financial year 18/19

We are strategically linked

CITY GATEWAY

City Gateway is an important strategic investment corridor which runs from the west of Manchester along the A57 connecting the Port of Salford, AJ Bell Stadium, City Airport and Heliport, Trafford Waters, TraffordCity and with the enhanced Trafford Park Metrolink tram line, connects, MediaCityUK and Manchester Waters, into the heart of the city centre.

These projects are not only strengthening the TraffordCity proposition but are supercharging the North West economy through the creation of enhanced transport links, employment opportunities and places to live.

Port Salford

Port Salford will be the UK's first tri-modal inland port which will be served by ship, rail and road. This ground breaking development will include an inland port and warehousing facility, container terminal and distribution park.

Innovative Logistics Opportunities

Port Salford

Investing £40 million into two logistic warehouses

Investing £50 million in enhancing road infrastructure including the creation of a new lifting bridge crossing the Manchester Ship Canal

Port Salford is set to become an important warehousing and distribution hub for the region fuelling economic growth, jobs and prosperity

A Unique Heritage

The opening of The Trafford Centre, now known as intu Trafford Centre, 20 years ago kick started the wider development of TraffordCity which we see today.

TraffordCity is both a progressive destination and one that is steeped in history where remnants of its past continue to be visible today.

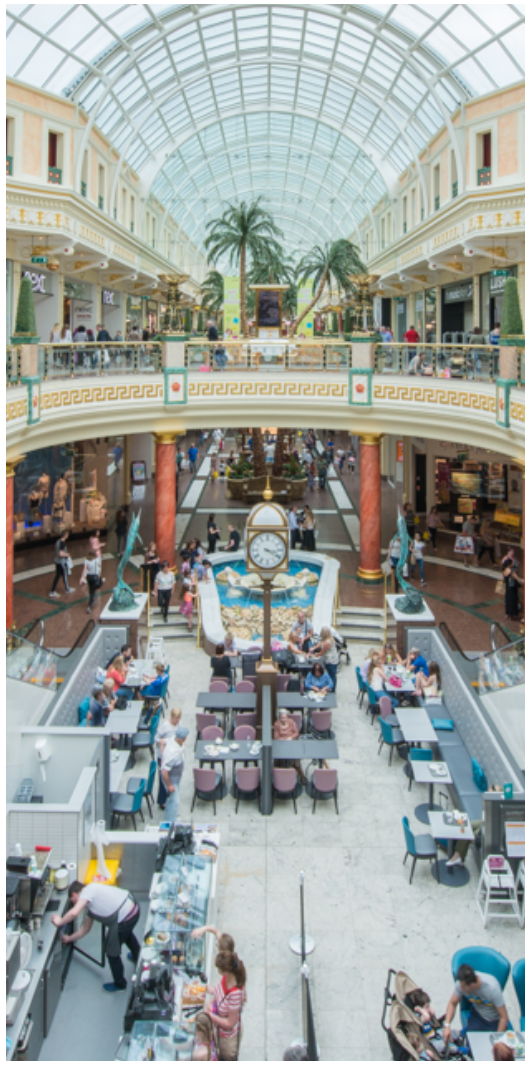

The Barton Bridges Heritage area is a site of international importance and is home to three, unique grade 2 star listed structures; The Barton Swing Aqueduct, the only one of its kind in the world, Barton Swing Bridge and Control Tower.

The grade 1 listed All Saints Roman Catholic Church also forms part of the Barton-in-Irwell conservation area.

For the long term, we are looking to enhance and restore these historic structures and by reinstating the high level walkway across the Barton Swing Aqueduct it will reconnect the Bridgewater Way, improving connectivity for pedestrians and cyclists.

We are thriving

We are active

We are delivering

Be part of our story

A partnership city

To deliver our vision and realise our ambitions for TraffordCity we work in partnership to make things happen.

Across 1,000 acres of land we have employment, commercial, logistic and residential opportunities.

Please contact the Peel L&P development team on 0161 629 8200.

Our partners include:

Transport for Greater Manchester
