

# INDEPENDENT LIMITED ASSURANCE STATEMENT

TO: The Stakeholders of Peel Holdings (Land and Property)

## Scope and Objectives

WSP was engaged by Peel Holdings (Land and Property) (Peel L&P) to provide limited assurance in respect of the Net Zero Carbon performance claims for a number of properties. This statement is limited to the assurance over the accuracy of the data and the location listed below:

### Quay West

*The Quays, MediaCityUK, M17 1PL*

Scope: Whole Building

We planned and performed our work in accordance with the International Standard on Assurance Engagements (ISAE) 3000 revised, Assurance Engagements Other than Audits or Reviews of Historical Financial Information (effective for assurance reports dated on or after 15 December).

Our work includes specified data for the period 1<sup>st</sup> April 2019 to 31 March 2020.

## Limitations and Exclusions

Excluded from the scope of work is any verification of information relating to activities outside the defined reporting period and scope. This limited assurance engagement relies on a risk-based sample of the data and the associated limitations that this entails. This independent statement should not be relied upon to detect all errors, omissions or misstatements that may exist.

## Responsibilities

The preparation and presentation of the net zero carbon information is the sole responsibility of the management of Peel L&P. WSP was not involved in the drafting of the report. Our responsibilities were to:

- Obtain limited assurance about whether the information has been appropriately and accurately prepared;
- Form an independent conclusion based on the assurance procedures performed and evidence obtained; and
- Report our conclusions to Peel L&P.

## Summary of Work Performed

As part of the independent verification, WSP undertook:

- Interviews with relevant personnel of Peel L&P responsible for carbon emissions accounting data;
- A review of the full-year building energy data (1 April 2019 to 31 March 2020), calculations used, aggregations and emissions factors applied;
- Assessed the robustness of the data management systems in place and internal audit checks;
- A check of the GHG calculations against UKGBC guidance and Peel's approach to their Science based target;

- A review of the carbon offsetting schemes selected.

### Conclusion

On the basis of the work conducted nothing came to our attention to suggest that the net zero carbon performance stated in the Operational Net Zero Carbon report for **Quay West**:

- Is not prepared in accordance with Peel L&P's internal methodologies; and
- Is not materially correct and a fair representation of the net zero carbon assertion.

### Statement of Independence, Integrity and Competence

WSP is an independent professional services company. Our assurance team has the appropriate experience and competency in conducting verification over environmental, social, ethical and health and safety information, systems and processes.

WSP has a Quality Management System (QMS) which is certified to BS ISO 9001:2015 under which all our work is managed. WSP has also implemented a Code of Conduct which commits all our staff to abide by ethical principles in our business dealings with clients, shareholders, employees and suppliers. The code provides guidance and a framework for our actions and behaviours with respect to our corporate obligations as well as our business activities.
