

**Key**

- Access Track
- Proposed earthworks
- Watercourse

**Notes:**

All details shown are subject to detailed design.

Portal bridge structure to be installed as per the manufacturers recommendations, and to be positioned on site to have minimal impact on the watercourse. Positioning to be agreed with the engineer and is subject to detailed design.

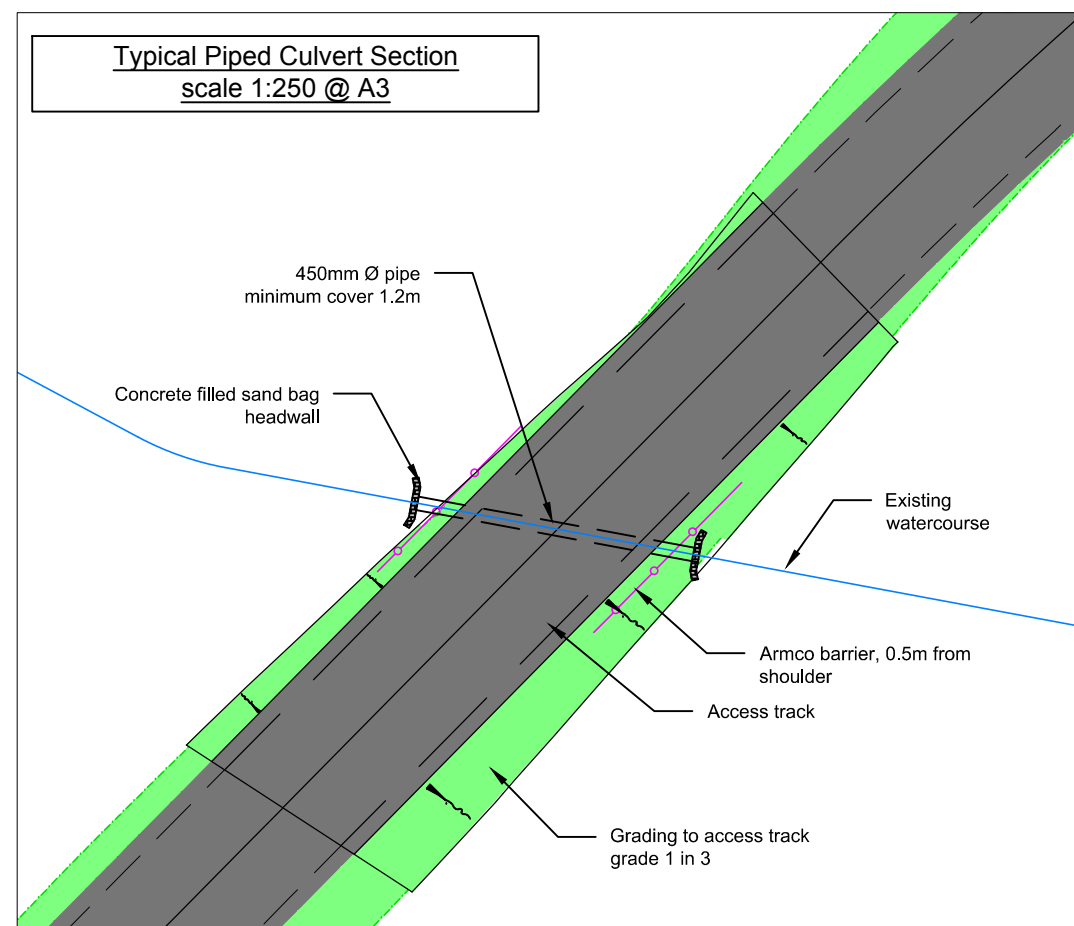

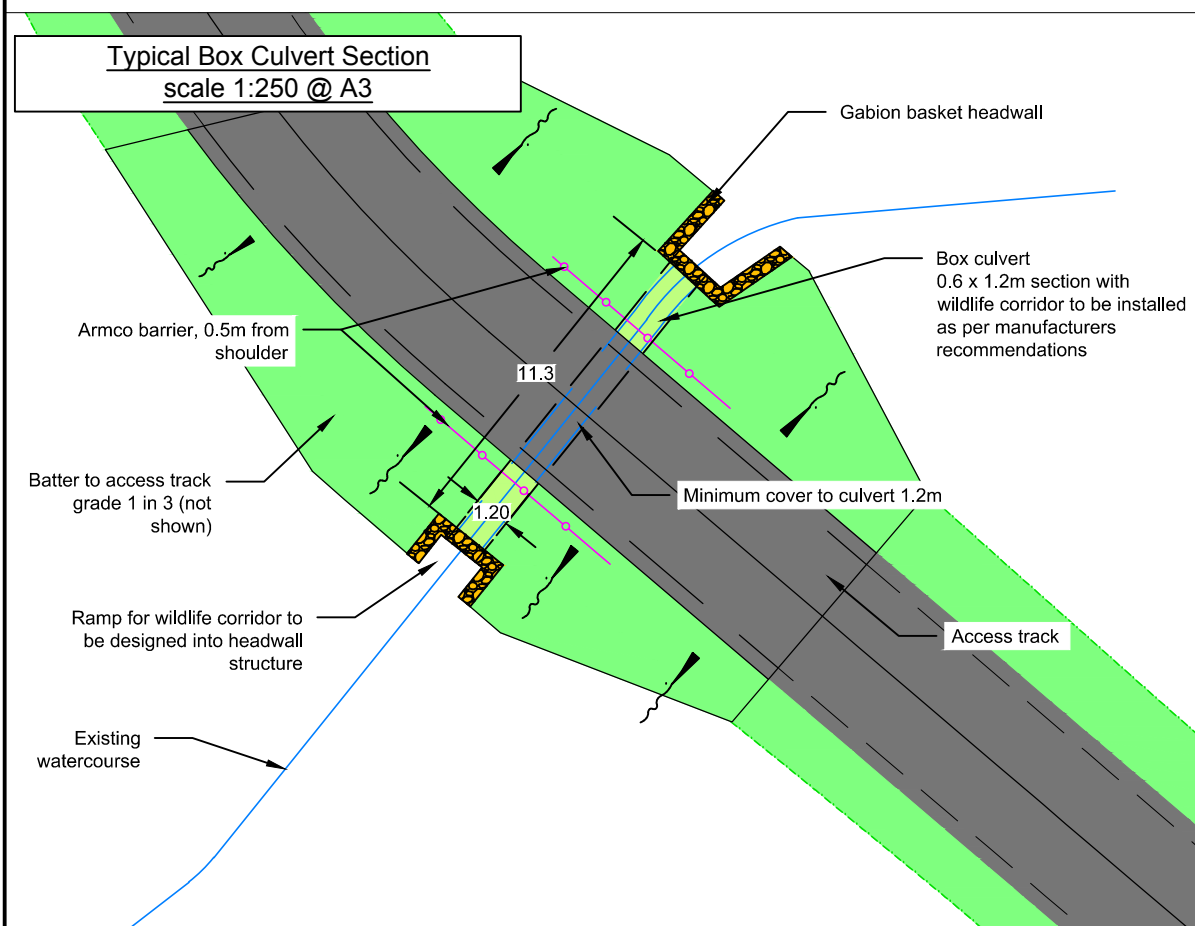

Watercourse locations are indicative only and have been taken from 10K OS mapping.

All watercourse culverts / bridges foundation and bedding details are to be confirmed following a full site investigation.

Scour protection to be provided to all crossings. Exact layout and location of scour protection to be agreed on site with the engineer.

All watercourse crossings are to be agreed with SEPA.

All dimensions are in metres unless otherwise stated.
